## BACKGROUND

Founded in San Antonio, Texas in 1967, Rothe Development, Inc. (RDI), was established to serve the high technology sector of the space age with research, development, and services. The founders, Heinrich C. and Wilhelm E. Rothe, were members of Dr. Wernher von Braun's team of rocket scientists stationed at Redstone Arsenal in Huntsville, Alabama.

## CAPABILITY STATEMENT

Rothe Companies provide a diversity of services and support to the federal government and the commercial sector. Core capabilities are:

- IT, IA, Software Development, Computer/Networking Solutions
- Precision Calibration and Metrology
- Engineering, Design, Fabrication, Logistics & Facilities Support
- Graphics, Multimedia Support, Premier Productions
- External Customer Outreach and Business Development

## HIGHLIGHTS

- Over 50 years of proven experience delivering quality service, ensuring customer satisfaction
- Innovative, agile, and cost effective business strategies to meet customer objectives
- High integrity, with attention to national and global quality and safety standards
- Proven ability to meet the customer's toughest challenges with creative solutions
- End-to-End integrated program lifecycle management
- Flexible and responsive, with the ability to recruit and hire qualified professionals for work surges
- Reliable management team supporting customers, teammates, and stakeholders with excellent performance
