

Rothe Development, Inc.

Calibration and Metrology

First Class Service and Support Since 1976

Servicing Customers Throughout the Continental US

Our Team of **American Society for Quality (ASQ) Certified** Technicians Utilize **Over 40 Years of Experience and Service** to Provide **Precision Calibration, Repair, and Metrology Services** to **Government and Commercial Customers**, With **ISO 9001:2008 Registered Practices** that **Meet ANSI/NCSL Z540-1** and **Nuclear Regulatory Commission (NRC) Standards** of Accuracy on **ALL** Calibrations Performed at Our **ISO/IEC 17025:2005 Accredited** Precision Measurement Laboratory.

Service and Support, Made To Measure

Brands

Amprobe • A.W. Sperry • B&K/Dynascan • Beckman • Biddle • Bio-Tek • Boonton • Dynatech • Fluke • General Radio • Hewlett Packard • Keithley • Simpson • Tektronix • Triplet • Wavetek • And More

Physical / Dimensional

Gage Blocks • Pin Gages • Plug Gages • Length Standards • Calipers • Outside Micrometers • Inside Micrometers • Depth Micrometers • Height Gages • Dial Indicators • Plain/Thread Rings • Plain/Thread Plugs • Scales • Torque Wrenches • Torque Transducers • Force Gages • Pressure Gages • Vacuum Gages • And More

- Servicing Customers Throughout the United States
- Online Job Tracking and Certification
- 68° Room for Dimensional Calibration
- 5 Day Turn-Around
- Emergency Turn-Around Available
- Pick-Up and Delivery Available for San Antonio, Austin, & Surrounding Areas

ISO 17025:2005 Accredited Laboratory

Electronic

Amplifiers • Ammeters • Analyzers • Attenuators • Bridges • Calibrators - Meter • Capacitance Measuring Systems • Chart Recorders • Comparators • Communication Test Sets • Converters • Counters • Couplers • Curve Tracers • Current Standards • Decades • Distortion Analyzers • Dividers • Frequency Meters • Frequency Synthesizers • Frequency Standards • Function Generators • Impedance Meters • Inductance Meters • Megohmmeters • Multimeters • Noise Level Meters • Oscillators • Oscillographs - Viscorders • Oscilloscopes • Phase Meters • Power Meters • Power Supplies • Preamplifiers • Probes • Pulse Generators • Resistance Bridges • Signal Generators • Sound Pressure Level Meters • Spectrum Analyzers • Sweep Oscillators • Temp/Humidity Sensors • Temperature Chambers • Thermocouple Simulators • Transistor Testers • Voltage Standards • Voltmeters • And More

COMMITMENT • EXPERTISE • QUALITY • PRECISION • DEDICATION
